

| SECTION 1: IDENTIFICATION                              |   |
|--|---|
| Product Name   | BLEACH-6                                      |
| Product UPC  | 27909-03008                                   |
| Recommended us of the chemical and restrictions on use |   |
| Product Code   | 03008   |
| Manufacturer Address                                   |   |
| First Chemical Limited                                 |   |
| 83 Torbarrie Road                                      |   |
| Toronto, Ontario                                       |   |
| M3L 1G5  |   |
| Emergency Contact Number                               | 416- 249- 8050 and 416- 678- 3179             |
|  | Disinfectant, surface cleaner, odour control, |
| Recommended Use  | laundry water, sewage and industrial waste    |
|  | cleaner                                       |
| Uses advised against                                   | Do not mix with other chemicals               |

| SECTION 2: HAZARD IDENTIFICATION |            |
|----------------------------------|------------|
| GHS Classification               |            |
| Skin Irritation                  | Category 2 |
| Eye Irritation                   | Category 1 |
| GHS Label Element                |            |

| Hazard pictogram                     |  |  |
|--------------------------------------|--|--|
| <b>Colour:</b> Light Yellow          | Physical State: Liquid Odour: Chlorine Signal word: Warning  |  |
| Hazard Statements:                   | Causes severe skin burns and serious eye damage.   |  |
| Precautionary Statemer               | nts:   |  |
| Prevention:                          | Do not breathe mist, vapors or spray.<br>Wash hands and any exposed skin thoroughly after handling.<br>Wear protective gloves. Wear eye/face protection. Wear protective clothing.   |  |
| Response:                            | IMMEDIATELY CALL A POISON CENTER OR PHYSICIAN  |  |
| Eyes                                 | IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do.<br>Continue rinsing.  |  |
| Skin                                 | IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water or shower. Wash contaminated clothing before reuse.  |  |
| Inhalation:                          | IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing.   |  |
| Ingestion:                           | IF SWALLOWED: Rinse mouth. DO NOT induce vomiting.   |  |
| Specific Treatment:                  | See Safety Data Sheet Section4: "FIRST AID MEASURES" for additional information.   |  |
| Storage:                             | Keep out of reach of children. Store in a well-ventilate place. Store in a close container. Protect from sunlight  |  |
| Disposal:                            | Dispose of contents and container in accordance with local, state and federal regulations.   |  |
| Hazards Not Otherwise<br>Classified: | Not Applicable.  |  |
| Other information:                   | Corrosive. Harmful or fatal if swallowed.<br>Harmful contact may not cause immediate pain.<br>Inhalation of vapors or mist may cause respiratory irritation/damage.<br>Take off and destroy contaminated shoes. <b>KEEP OUT OF REACH OF CHILDREN.</b><br><b>Note to physician:</b> Probable mucosal damage may contraindicate the use of gastric<br><b>LAVAGE.</b> . |  |

| SECTION 3: INGREDIENTS |           |                    |
|------------------------|-----------|--------------------|
| Chemical Name          | Cas-No    | Concentration: (%) |
| Water                  | 7732-18-5 | > 70%              |
| Sodium hypochlorite    | 7681-52-9 | < 5%               |

| SECTION 4: FIRST AID MEASURES                          |  |
|--|--|
| In case of eye contact:                                | Rinse immediately with plenty of water, also under the<br>eyelids, for at least 15 minutes. Remove contact lenses, if<br>present and easy to do. Continue rinsing. Get medical<br>attention. |
| In case of skin contact:                               | Wash off immediately with plenty of water for at least 15 minutes. Use mild soap if available. Get medical attention if irritation develops and persists                                     |
| If swallowed:  | Rinse mouth with water. Get medical attention if symptoms occur  |
| If inhaled:  | Remove to get fresh air. Get medical attention if symptoms occur.  |
| Notes to physician:                                    | Treat symptomatically  |
| Most important symptoms/effects both acute and delayed | See Section 11 for more detailed information on health effects and symptoms  |

# **SECTION 5: FIREFIGHTING MEASURES**

| Suitable extinguishing media:                  | Water spray (fog), Carbon dioxide                    |
|--|--|
|  |  |
| Specific Hazards Arising from the chemical:    | Combustion products are toxic. Releases oxygen when  |
|  | heated to decomposition which may intensify fire.    |
| Hazardous Combustion Products:                 | May include Carbon monoxide Carbon dioxide and       |
|  | other toxic gases or vapors.                         |
| Special protective equipment for firefighters: | Wear MSHA/ NIOSH approved self-contained             |
|  | breathing apparatus (SCBA) and full protective gear. |
|  | Cool fire –exposed containers with water spray.      |
|  |  |

| SECTION 6: ACCIDENTAL RELASE MEASURES |   |
|---------------------------------------|---|
| Personal Precautions:                 | Avoid contact with skin, eyes or clothing. Use personal protective equipment as required.   |
| Environmental Precautions:            | Do not rinse spill onto the ground, into strom sewers or<br>bodies of water.  |
| Methods for clean-Up:                 | Prevent further leakage or spillage if safe to do so.<br>Contain and collect spillage with non-combustible<br>absorbent material,(sand ,earth, diatomaceous earth,)<br>and place in container for disposal according to local/<br>national regulations (see Section 13) |

| SECTION 7: HANDLING AND STORAGE |   |
|---------------------------------|---|
| Advice on Safe Handling:        | Avoid contact with skin and eyes. Wash hands<br>thoroughly after handling. Mixing this product with acid<br>or ammonia releases chlorine gas. |
| Storage Conditions:             | Keep containers tightly closed in a dry, cool and well –<br>ventilated place. Keep out of the reach of children.<br>Keep from freezing.       |
| Incompatible Materials:         | Acids. Strong oxidizing agents. Ammonia. Reactive metals such as aluminum, zing and tin.  |

| SECTION 8: EXPOSURE CONTROLS / PESRSONAL PROTECTION |   |
|---|---|
| Occupational Exposure Limits:                       | None established.   |
| Engineering Controls:                               | If work practices generate dust, fumes, gas, vapors or mists<br>which expose workers to chemicals above the occupational<br>exposure limits, local exhaust ventilation or other engineering<br>controls should be considered. Eyes wash stations and shower<br>facilities areas available |
| Personal Protective Equipment                       |   |
| Eyes /Face Protection:                              | Wear splash goggles. For severe use –conditions, wear a face shield over the goggles.   |

| Skin and Body Protection:       | Wear rubber or other chemical-resistant gloves. Use of<br>impervious apron, boots and other protective equipment<br>should be considered in order to prevent or minimize contact<br>with this product.  |
|---------------------------------|---|
| Respiratory Protection:         | Not required with expected use. If occupational exposure limits<br>are exceeded or respiratory irritation occurs, use of a<br>NIOSH/MSHA approved respirator suitable for the use-<br>conditions and chemicals in Section 3 should be considered. |
| General Hygiene Considerations: | Wash hands and any exposed skin thoroughly after handling.<br>See 29 CFR 1910.132-138 for further guidance.   |

| SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES |                            |  |
|---|----------------------------|--|
| Appearance                                  | Liquid                     |  |
| Colour                                      | Light Yellow               |  |
| Odour                                       | Chlorine.                  |  |
| PH  | 11.5- 12.8%                |  |
| Flash point                                 | >104 °C / > 219 F ASTM D56 |  |
| Odour threshold                             | N/A                        |  |
| Melting/freezing point                      | N/A                        |  |
| Initial boiling point/boiling range         | 100 degree Celsius /212 F  |  |
| Evaporation rate                            | N/A                        |  |
| Flammability (solid and gas)                | N/A                        |  |
| Upper explosion limit                       | N/A                        |  |
| Lower explosion limit                       | N/A                        |  |
| Vapour pressure                             | N/A                        |  |
| Relative vapour density                     | N/A                        |  |
| Specific gravity                            | 1.047-1.08                 |  |
| Water solubility                            | Soluble in water           |  |
| Solubility in other solvents                | N/A                        |  |
| Partition coefficient: n- octanol/water     | N/A                        |  |
| Auto-ignition temperature                   | N/A                        |  |
| Thermal decomposition                       | N/A                        |  |
| Viscosity kinematic                         | N/A                        |  |
| Explosive properties                        | N/A                        |  |
| Oxidizing properties                        | N/A                        |  |
| Molecular weight                            | N/A                        |  |
| VOC   | N/A                        |  |

# **SECTION 10: STABILITY AND REACTIVTY**

| Reactivity                         | This material is considered to be non-reactive under normal conditions of use.  |
|------------------------------------|---|
| Chemical Stability                 | Stable under recommended storage conditions   |
| Possibility of Hazardous Reactions | Contact with acids releases chlorine gas.<br>Contact with ammonia releases chloramine gas.<br>Contact with aluminum or other reactive metals may release<br>hydrogen gas. |
| Conditions to avoid                | Do not mix with other chemicals. High temperature accelerates decomposition of product.   |
| Incompatible materials             | Acids. Strong oxidizing agents.<br>Ammonia. Reactive metals such as aluminum,zinc and tin.  |
| Hazardous Decomposition Products   | May include carbon monoxide, carbon dioxide (CO2) and other toxic gases or vapors   |

| SECTION 11: TOXICOLOGICAL INFORMATION   |  |  |  |  |
|---|--|--|--|--|
| Information on likely routes of<br><u>exposure</u>  | Eyes, Skin, Ingestion, Inhalation.   |  |  |  |
| Inhalation  | Inhalation of vapors in high concentration may cause irritation of respiratory system  |  |  |  |
| Eye contact   | Avoid contact with eyes. Pain, redness, swelling of the conjunctiva and tissue damage. Eye contact may cause permanent damage. |  |  |  |
| Skin contact  | Avoid contact with skin. Pain redness, blistering and possible chemical burn.  |  |  |  |
| Ingestion   | Damage or chemical burns to mouth, throat and stomach. Pain, nausea, vomiting and diarrhea.                                    |  |  |  |
| <b>Immediate, Delayed, Chronic</b><br><b>Effects</b><br>Product information:                          | Data not available or insufficient for classification.   |  |  |  |
| Numerical Measures of Toxicity  |  |  |  |  |
| The following acute toxicity estimate<br>ATE mix ( oral ) 78098 mg/kg<br>ATE mix (dermal) 95241 mg/kg | (ATE) are calculated based on the GHS document   |  |  |  |

## SECTION 13: DISPOSAL CONSIDERATIONS

| Waste treatment methods |  |
|-------------------------|--|
| Disposal of wastes      | Disposal should be in accordance with applicable regional, national and local laws and regulations |
| Contaminated packaging  | Do not reuse container. Dispose of in accordance with federal, state and local regulations         |
| US EPA Waste Number :   | D002   |

| SECTION 14: TRANSPORT INFORMATION |   |  |  |  |

## **SECTION 15: REGULATORY INFORMATION**

### International Inventories TSCA

DSL/NDSL

Legend: TSCA- United States Toxic Substances Control Act Section 8(b) Inventory

#### **US Federal Regulations**

#### <u>SARA 313</u>

This product does not contain listed substances above the "de minimus" level

| -                                 |     |
|-----------------------------------|-----|
| Sara 311/312 Hazard Categories    |     |
| Acute health hazard               | YES |
| Chronic Health Hazard             | NO  |
| Fire hazard                       | NO  |
| Sudden release of pressure hazard | NO  |
| Reactive hazard                   | NO  |

#### **CWA (Clean Water Act)**

This product contains the following substances which are regulated pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42)

### **California Proposition 65**

This product does not contain any Proposition 65 chemicals
